**Leasing**

- The material lease (e.g. for moving boxes) will be charged for every beginning day, including the delivery and return days.
- The lessee is responsible for any damage done to the leased products in their possession. Normal wear and tear caused by transportation and use is not considered damage.
- Any damaged products may only be repaired by the lessor.
- The lessee will be charged the full purchase price of new replacements for all missing and damaged products.
- Leased products may not be surrendered to a third party without the written approval of the lessor.
- The lessor must be notified without delay of any changes to the invoicing address.

**Deliveries**

- Every partial delivery will be subject to a separate delivery or pick-up fee.
- Deliveries must be ordered at least one working day before the desired day of delivery or pick-up.
- Delivery prices are specific to each location.

**Payment**

- As a rule, the lease will be charged once the leased products have been returned. If products are leased for more than 30 days, intermediate invoices will be sent monthly until the products are returned.
- The term of payment is 14 days net.
- The invoice fee is always €4.84 (includes VAT).
- Penalty interest will be determined according to the Finnish Interest Act.
